A Parent’s Guide to Schoology

Welcome to Schoology! Below you will find an explanation of the different areas of your Schoology account. This guide is intended to help you learn how to navigate around Schoology. For more in-depth guidance on specific Schoology features, check out our Help Center at support.schoology.com.

What Is Schoology?
Teachers use Schoology to post their classroom materials online; provide a safe forum for students to discuss their ideas and collaborate on projects; and to assign and collect homework electronically. It helps students stay organized and it keeps the class connected.

A Schoology Parent Account gives you access to:
- Materials, resources, and announcements from your child’s classes.
- Your child’s upcoming assignments and due dates.
- View the work your child submits, and the feedback they get from teachers
- A messaging platform to connect with teachers
- An iOS/Android app that makes it a breeze to get notifications on your mobile device.

Simply search “Schoology” in the Google Play or iOS App Store to download the app.

Schoology makes it easy for parents to stay involved in their children’s education.
Setting Up Your Account

The first time you log into Schoology, you may want to set up some of your account settings to make sure you get the most out of Schoology.

Parent accounts on Schoology are really like have two accounts in one. One is your own personal account, with your own name and information. This is connected to your child’s account, which you can switch into to see Schoology how he or she does, and receive updates about his or her activity.

Start by clicking on the arrow in the upper-right corner, next to your name, and then select your child’s name to switch into his or her account. The checkmark in this dropdown menu indicates which account you are currently in.
Notifications

Set up your Notifications to control how Schoology contacts you about your child’s school activities.

To set up notifications, select **Notifications** from the dropdown menu in the upper right hand corner.

**Setting Up Your Parent Email Digest**

The Schoology Parent Email Digest is a brief summary of your child’s activities delivered right to your inbox. Here, you can opt to receive it on a daily or weekly basis.

Account Settings

The Account Settings page is where you can do things like determine your landing page when you login to Schoology. To go to the Account Settings page, Click the Account Settings tab in your notifications screen, or click the arrow in the upper-right corner again and select Account Settings from the menu.

Scroll down to **Set Default Account**.
This determines the first page you see when you log in to your Schoology account. Having a Parent account in Schoology is actually like having two accounts:

- your personal account, with your own name and information;
- your child’s account. From here, you can view Schoology from your child’s perspective, and see what he or she sees.

You can toggle into your child’s account at any time, to stay updated on his or her schoolwork and activity.

**From the Default Account menu:**

- Select **Main Account** if you would like to see your own personal account when you log in.
- Select **Child’s Account** if you want to automatically start in your child’s account when you log in.

**Navigating Schoology**

**Your Account**

After logging in, you can see the top navigation bar from anywhere in Schoology.

On the left side of the bar, you can navigate to the four main areas of Schoology: Home, Courses, Groups, and Resources.

Clicking **Home** always brings you back to your home page, the landing page you see when you log in. This is where you see your **Recent Activity** feed.

**Messages & Notifications**

When you are in your own Schoology account (not your child’s), icons for messages, connections and notifications display in the top navigation bar, on the right; you can also click your name to go to your own Personal Profile. Any time someone sends you a message, or does something that pertains to you or your child’s school, it’s easily accessible in the top-right corner of your screen. Everything is chronologically ordered and clickable to make managing them simple.
Viewing Your Child’s Activity
