TSI Title 1 Comprehensive Plan | 2023 - 2026

MISSION STATEMENT

All students learn the academic and personal skills they need to be truly prepared for postsecondary success and able to pursue their dreams.

VISION STATEMENT

Mastery schools are joyful, authentic communities where students learn how to think critically and act independently so they are truly prepared for postsecondary success.

EDUCATIONAL VALUE STATEMENTS

STUDENTS

Whatever It Takes: • I will do whatever it takes to be successful. Choose to Be Here: • I will attend school every day on time and prepared. Work Hard: • I will work hard and remain focused on my academic achievement. • I will complete all homework nightly. • I will ask for help when I need support, don't understand, or feel I am falling behind. • I will attend academic support during and after school hours when I am requested to do so. Be A Citizen & Leader of The School Community: • I will abide by the Mastery Disciplinary Code of Conduct. • I will be an active member of the school community and support my peers. • I will follow our school community's rules outlined in the Student-Parent Handbook. • I will celebrate success. • I will accept the consequences of my actions.

STAFF

1. Student Achievement -- Above All Student achievement is the civil rights issue of our time and the reason we exist. Each staff member is responsible for our students' success. 2. We Serve We serve students and their families first. Our business is their success. 3. The High Road We do the right thing. We are fair and treat folks with respect. 4. Pursue Equity We disrupt systemic racism and the inequities that limit our students' choices. We nurture a culture where all staff, students, and families are seen and valued. 5. Joy and Humor Our positive, caring culture supports student and staff success. We like fun. We love to laugh. 6. Straight Talk We face reality, communicate honestly and respectfully, and hold each other accountable. 7. Open Doors Everybody is welcome to talk to anybody. We are open and transparent. 8. Continuous Improvement We seek a better way -- always. We are engaged in an ongoing cycle of goal setting, action, measurement, and analysis. 9. One Team We are in this together. We may disagree, but at the end of the day, we support each other 100%.

ADMINISTRATION

1. Student Achievement -- Above All Student achievement is the civil rights issue of our time and the reason we exist. Each staff member is responsible for our students' success. 2. We Serve We serve students and their families first. Our business is their success. 3. The High Road We do the right thing. We are fair and treat folks with respect. 4. Grit Our students' futures are at stake — we don't give up. We do more with less. If it doesn't work, we fix it. We find a way. 5. Joy and Humor Our positive, caring culture supports student and staff success. We like fun.

We love to laugh. 6. Straight Talk We face reality, communicate honestly and respectfully, and hold each other accountable. 7. Open Doors Everybody is welcome to talk to anybody. One Team We are in this together. We may disagree, but at the end of the day, we support each other 100%.

PARENTS

Whatever It Takes: • I will do whatever it takes to ensure my child's success. • I will communicate regularly with my child's teachers and attend parent-teacher conferences. • I will notify Mastery when my address, telephone, or email information changes. • I will ensure that my child attends school every day on time and prepared to learn. High Expectations: • I will hold my child to the highest expectations because I know that they can succeed at the highest levels. • I will ensure that my child completes their schoolwork and homework nightly. • I will support and encourage my student to seek out and attend academic support programming during and after school hours. School Community: • I recognize that I am an important member of the Mastery school community and will participate in and support the community as we collectively work to support our children's success. • I will support the school community's rules outlined in the Student-Parent Handbook. • When my child struggles, I will work in partnership with the school to reinforce the community's rules and Code and support my child's personal growth and development. • I will celebrate our children's success.

COMMUNITY

• Do Whatever It Takes to support each student's achievement. • High Expectations for every student. Expect the best of each student because we believe they can succeed. • Be A Community that is Safe, Orderly, and Positive – an environment that promotes student success. • Provide High Support for all students, especially those who are falling behind or struggling emotionally. • Communicate frequently with parents/guardians about their child's successes and struggles. • Partner with Parents/Guardians to ensure that every student succeeds and reaches their highest potential.

APPROVALS & SIGNATURES

Assurance of Quality and Accountability

Assurance of Quality and Accountability

The Building Administrator, Superintendent/Chief Executive Officer and President of the School Board will affirm the following statements.

We affirm that our school has developed a School Improvement Plan based upon a thorough review of the essential practices to advance educational programs and processes and improve student achievement.

We affirm that the action plans that we will be implementing address our specific school needs, include strategies that provide educational opportunities and instructional strategies for all students and each of the student groups, increases the amount and quality of learning time, and provides equity in the curriculum which may include programs, activities, and courses necessary to provide a well-rounded education. These plans address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards.

We, the undersigned, hereby certify that the school level plan has been duly reviewed by the Building Administrator, Superintendent of Schools and formally approved by the district's Board of Education, per guidelines required by the Pennsylvania Department of Education.

We hereby affirm and assure that this plan:

- Addresses all the **required components** prescribed by the Pennsylvania Department of Education
- Meets **ESSA requirements**
- Includes **at least one evidence-based strategy that meets one of the three highest levels of evidence outlined in ESSA**
- Has a **high probability of improving student outcomes**
- Has sufficient **LEA leadership and support to ensure successful implementation**

With this Assurance of Quality & Accountability, we request the Pennsylvania Department of Education grant formal approval to implement this plan.

Most Notable Observations/Patterns

An analysis of PSSA data from the 21-22 school year shows that total scores as well as all subgroup scores in all three tested subjects declined from 2019 to 2021 (no test scores in 2020) and again in all subgroups and tested areas from 2021 to 2022. Our root cause hypothesis is that these score declines are a result of learning loss related to the COVID-19 pandemic including lost instructional time, ineffective remote instruction, increased student absences, and related trauma. In addition, we decided to try online state assessments for the first time in 2022 and we now believe that our students' lack of familiarity with the technology contributed to further declines in scores.

Academic Standards and Assessment Requirements (Chapter 4) | 2023 - 2026

ACADEMIC STANDARDS AND ASSESSMENT REQUIREMENTS (CHAPTER 4)

The purpose of Chapter 4, Academic Standards and Assessment, of the Pennsylvania School Code is to establish rigorous academic standards and assessments “to facilitate the improvement of student achievement and to provide parents and communities a measure by which school performance can be determined”. As part of the Comprehensive Planning process, each LEA will report on their curriculum and assessment alignment to the Academic Standards.

ACADEMIC STANDARDS AND PLANNING

Chapter 4 specifies the minimum curriculum requirements that are to be provided within each grade band.

A written curriculum framework specifies what and when content is taught for each subject within the LEA. In this section, LEAs identify whether a written curriculum exists for each subject area and in what grade spans the subject is taught.

Chapter 4 Curriculum and Instruction Requirements	Written Curriculum Framework	Taught within the Grade Span
PA-Core English Language Arts	K-2, 3-5, 6-8	K-2, 3-5, 6-8
PA-Core Mathematics	K-2, 3-5, 6-8	K-2, 3-5, 6-8

ASSURANCES: STANDARDS ALIGNMENT

The academic standards are benchmark measures that define what students should know and be able to do at specified grade levels beginning in grade 3. The standards are promulgated as state regulations. As such, they must be used as the basis for curriculum and instruction in Pennsylvania's public schools.

Standards	Yes/No
A. Grade K-2 locally developed curriculum is aligned to PA Core/Academic Content Standards	Yes
B. Grade 3-5 locally developed curriculum is aligned to PA Core/Academic Content Standards	Yes
C. Grade 6-8 locally developed curriculum is aligned to PA Core/Academic Content Standards	Yes
D. Grade 9-12 locally developed curriculum is aligned to PA Core/Academic Content Standards	No
E. Our LEA has a standardized format for mapping LEA curriculum to the PA Core/Academic Standards.	Yes

-
1. Describe your LEA's process for reviewing alignment to the PA Academic Standards and evaluating and updating the written curriculum. Include timelines and personnel involved.
For each core course at Mastery, the central curriculum team produces report period scope and sequence documents (these outline objectives/skills/knowledge to be achieved, place them in a logical sequence, and outline timing recommendations) as well as benchmark and/or portfolio assessments aligned to the learning goals stated in the scope & sequence.
 2. List resources, supports or models that are used in developing and aligning curriculum.
For each core course at Mastery, the central curriculum team produces report period scope and sequence documents (these outline

objectives/skills/knowledge to be achieved, place them in a logical sequence, and outline timing recommendations) as well as benchmark and/or portfolio assessments aligned to the learning goals stated in the scope & sequence.

3. How does the LEA ensure that all teachers have access to the written curriculum and needed instructional materials? Explain.

All teachers are provided with the curriculum and instructional materials when they begin employment or as soon as any updated curriculum is released. Textbooks and other physical materials are on hand at the school building, and teachers receive logins for access to electronic curriculum materials on their first day of work.

Based on the responses above, would aligning locally developed curriculum to the academic standards be a priority in your comprehensive plan?

No

ASSURANCES: CURRICULUM AND INSTRUCTION

Chapter 4 establishes that public education provides planned instruction. As defined by Chapter 4, planned instruction is the instruction offered by a school entity based upon a written plan to enable students to achieve the academic standards under § 4.12 (relating to academic standards) and any additional academic standards as determined by the school entity.

Standards	Yes/No
A. LEA develops/maintains a standard format that includes scope, sequence, and pacing.	Yes
B. Essential content is developed from PA Core/Academic Content Standards.	Yes
C. Content, resources, activities, and estimated instructional time are devoted to achieving the PA Core/Academic or Alternate Content Standards.	Yes
D. Consistency and continuity between planned courses, instructional units, and interdisciplinary studies around the PA Core/Academic or Alternate Content Standards exist.	Yes
E. Courses and units of study are developed from measurable outcomes and/or objectives.	Yes
F. Course objectives to be achieved by all students are identified.	Yes
G. Evidence of measurement procedures for the success of the objectives of a planned course, instructional unit, or interdisciplinary studies exists.	Yes

1. What is your LEA's approved cycle for reviewing the locally developed curriculum?

All locally developed curriculum is reviewed at least once every five years.

2. What is your LEA's intent to revise the locally developed curriculum during this comprehensive plan cycle?

We reviewed and updated our ELA and Math curricula between 2018 and 2020. From 2020 to 2022, we reviewed our Science and Social studies curricula and are implementing updates during the 2022-2023 school year. We are currently in the process of reviewing our curricula for Spanish, ESL, SEL, Health/PE, Art, Music, and Technology, with a plan to begin rolling out any updates during the 2023-2024 school year. Once that process is complete, the cycle will re-set with review of ELA and Math again.

ACT 13

Act 13 states that all professional employees must be evaluated once a year and temporary professional employees must be evaluated twice a year.
Act 13 classifies educators as Classroom Professionals, Non-Teaching Principals, and Principals.

Assess the strengths, challenges, and trends of the classroom/school environments and instructional practices within your LEA.

Check if Act 13 is not used in educator evaluations (Charter/Cyber Charter School's only).

ASSESSMENT

Chapter 4, Section 4.52, indicates that each school entity shall design an assessment system to do the following:

- Determine the degree to which students are achieving academic standards under Section 4.12 (relating to academic standards).
- Use assessment results to improve curriculum and instructional practices and to guide instructional strategies.
- Provide information requested by the Department regarding the achievement of academic standard.
- Provide summary information, including results of assessments under this section, to the general public regarding the achievement of students.

Describe how your LEA uses benchmark and/or diagnostic assessments in instructional practices?

At Mastery, we administer quarterly benchmark assessments to students to gauge their learning progress against state standards. Benchmark assessments are designed to tightly align with our core curriculum scope and sequence, state learning standards and state assessments. On a quarterly basis, schools engage in Data Days to review student benchmark performance and plan for how to use responsive teaching days that are built in to our scope and sequence to attend to the most critical data-driven instructional needs for students to identify specific standards and lessons that need additional practice and re-teaching in order to support students to fully master the standards. For diagnostic assessment, Mastery administers the MAP at the beginning, midpoint and end of each school year to evaluate student growth and benchmark our students' performance against national peers. After each MAP administration, school teams engage in a deep dive data analysis of their students' results, set individualized learning goals for students and create instructional plans for how to best leverage responsive math instructional time, Literacy Centers small group ELA instruction, RTII blocks and/or responsive teaching days to use MAP data to attend to students' individualized learning needs.

Induction Plan (Chapter 49) | 2023 - 2026

INDUCTION PLAN (CHAPTER 49)

Chapter 4 establishes that each school entity shall submit to the Department for approval an induction plan every 6 years as required under Chapter 49, Section 16(a). A school entity shall make its induction plan available for public inspection and comment for a minimum of 28 days prior to approval of the plan by the school entity's governing board and submission of the plan to the Department.

Chapter 49.16, Approval of Induction Plans, establishes the following requirements of LEA Induction Plans:

- Each school entity shall submit to the Department for approval a plan for the induction experience for first-year teachers (including teachers in prekindergarten programs, when offered), long-term substitutes who are hired for a position for 45 days or more and educational specialists.
- The induction plan shall be prepared by teacher or educational specialist representatives, or both, chosen by teachers and educational specialists and administrative representatives chosen by the administrative personnel of the school entity. Newly employed professional personnel with prior school teaching experience may be required by the school entity to participate in an induction program.
- The induction plan shall reflect a mentor relationship between the first-year teacher, long-term substitute or educational specialist, teacher educator and the induction team.
- Criteria for approval of the induction plans will be established by the Secretary in consultation with the Board and must include induction activities that focus on teaching diverse learners in inclusive settings.

EDUCATOR INDUCTION PLAN (EIP) (22 PA CODE, 49.16)

By checking each of the following boxes, the LEA is assuring that it complies with and has instituted each of the following Chapter 49 Induction Plan requirements.

Plan requirements	Yes/No
Are all first-year teachers (including teachers in prekindergarten programs, when offered), long-term substitutes who are hired for a position for 45 days or more and educational specialists identified and provided an induction experience? (22 Pa Code, 49.16)	Yes
Is the induction plan prepared by teacher or educational specialist representatives, or both, chosen by teachers and educational specialists and administrative representatives chosen by the administrative personnel of the school entity? (22 Pa Code, 49.16)	Yes
Has the plan been made available for public inspection and comment for a minimum of 28 days prior to approval of the plan by the school entity's governing board and submission of the plan to the Department? (22 Pa Code, 49.16)	Yes
Does the induction plan reflect a mentor relationship between the first-year teacher, long-term substitute or educational specialist, teacher educator and the induction team? (22 Pa Code, 49.16)	Yes
Does the induction plan include training on the teacher observation and evaluation model inclusive of the consistent use of quality teacher-specific data and building-level data within student performance measures? (24 P.S. § 11-1138.8 (c)(3) and 22 Pa Code, 49.16)	Yes
Does the induction plan:	Yes
a. Assess the needs of inductees?	
b. Describe how the program will be structured?	Yes
c. Describe what content will be included, along with the delivery format and timeframe?	Yes

PLEASE EXPLAIN THE LEA'S PROCESS FOR ENSURING THEIR MENTORS HAVE THE ABOVE SELECTED

CHARACTERISTICS.

Our pool of mentors is mostly comprised of coaches who are former or current teachers with outstanding work performance. Our mentors are selected via a competitive process. They are selected based on demonstrated excellence in the classroom, including demonstrated student achievement and knowledge of research-based instructional practices. They receive significant additional training in coaching and conferring skills in order to be as supportive as possible to inductees. Coaches are evaluated based on their effectiveness to coaching, measured by success on coaching goals, administrator review, as well as feedback from the inductees themselves, indicating whether they feel supported and have improved as a result of working with their coach.

NEEDS ASSESSMENT

Which of the following characteristics does the Local Education Agency (LEA) use to select mentors?

Characteristics used by LEA	Yes/No
Observations of inductee instructional practice by a coach or mentor to identify needs.	Yes
Multiple observations of inductee instructional practice by building supervisor to identify needs.	Yes
Regular scheduled meetings with mentors or coaches to reflect upon instructional practice to identify needs.	Yes
Standardized student assessment data	Yes
Classroom assessment data (Formative & Summative)	Yes
Inductee survey (local, intermediate units and national level)	Yes
Review of inductee lesson plans	Yes
Review of written reports summarizing instructional activity	Yes
Submission of Inductee Portfolio	No
Knowledge of successful research-based instructional models	Yes
Information collected from previous induction programs (e.g., program evaluations and second-year teacher interviews).	Yes
Other, please specify below	No

BASED ON THE TOOLS AND METHODS SELECTED ABOVE, DESCRIBE THE LEA'S INDUCTION PROGRAM, INCLUDING THE FOLLOWING DETAILS:

- **PROGRAM STRUCTURE**
- **CONTENT INCLUDED**
- **MEETING FREQUENCY**
- **DELIVERY FORMAT**

Our Inductees receive a week long orientation prior to the start of school where sessions are focused on research-based culturally competent instruction and classroom management practices from our Instructional Standards. Inductees also receive training in expectations for instruction in their grade and course, including expectations for rigor of student work and any new initiatives during orientation and throughout the year. Inductees learn to access and use Mastery Charter Schools' curriculum guidance materials, which are built upon PA curriculum frameworks. Inductees receive one cycle of formal coaching and are offered the opportunity to hone their classroom management practices with additional professional development offered centrally four times throughout the year.

EVALUATION AND MONITORING

Describe the procedures employed to monitor and evaluate the Educator Induction Program. As part of this process LEAs should systematically collect data on the educator induction program design, implementation, and outcomes. This data may include:

- a. Survey of participants – new teachers, mentors, principals, and other members of the Educator Induction Program to determine levels of satisfaction and to understand the strengths and weakness of the program
- b. Analysis of activities and resources used in the program
- c. Aligned program evaluation instruments that provide quantitative and qualitative data (e.g., survey/questionnaires, individual and group interviews, and observation tools) to determine the impact of participating teachers and their students

EVALUATION AND MONITORING

The Director of Coaching and Professional Development for Mastery Charter Schools manages the induction program for all schools in the network. This person uses several data sources from all schools to monitor the program effectiveness: - teacher observation feedback trends from building administrators on the Instructional Standards - survey data from inductees, regarding the areas in which they want training and whether they feel trainings are effective - input from coaches and building administrators who interact one-on-one with inductees - walkthroughs and observations of inductee classrooms - formative and classroom assessment data that reflects learning of students in inductees' classrooms.

DOCUMENTATION OF PARTICIPATION AND COMPLETION

Identify the methods used to record inductee participation and program completion.

Participation	Completion
Mentor documents his/her inductee's involvement in the program.	Yes
A designated administrator receives, evaluates, and archives all mentor records.	Yes
School/LEA maintains accurate records of program completion and provide a certificate or statement of completion to each inductee who has completed the program.	Yes
Completion is verified by the LEA Chief Administrator on the Application for Level 2 Certification.	Yes
Confirm that all first-year teachers are required to participate in the induction program.	Yes

IF "NO" IS SELECTED, PLEASE EXPLAIN WHAT INDIVIDUALS WERE NOT INCLUDED IN THE INDUCTION PROGRAM AND WHY.

EDUCATOR INDUCTION PLAN STATEMENT OF ASSURANCE

We affirm that this Educator Induction Plan has been developed in accordance with the laws, regulations and guidelines for the development, implementation and evaluation of the Induction Plan as designated in Chapter 4 of the Pennsylvania Department of Education School Code.

We affirm that this Educator Induction Plan focuses on the learning needs of each professional staff member to ensure high quality instruction for all students.

Professional Development Plan (Act 48) | 2023 - 2026

ACT 48

Chapter 4 establishes that each school entity shall submit to the Secretary for approval a professional education plan every 3 years as required under Chapter 49, Section 17(a). A school entity shall make its professional education plan available for public inspection and comment for a minimum of 28 days prior to approval of the plan by the school entity's governing board and submission of the plan to the Secretary.

Chapter 49.17, Continuing professional education, establishes that every school entity shall develop a continuing education plan that addresses the following requirements:

- a. Includes options for professional development including, but not limited to, activities such as: (i) graduate level coursework; (ii) obtaining a professionally related master's degree; (iii) department-approved in-service courses; (iv) curriculum development work; and (v) attendance at professional conferences.
- b. Defines terms used including, but not limited to, the following: (i) Professionally related graduate level coursework. (ii) Professionally related master's degree. (iii) Curriculum development work. (iv) Professional conferences.
- c. Developed as specified in section 1205.1 of the act in which the plan describes the persons who developed the plan and how the persons were selected.
- d. Submitted to the Secretary shall be approved by both the professional education committee and the board of the school entity.
- e. Includes a section which describes how the professional education needs of the school entity, including those of diverse learners, and its professional employees are to be met through implementation of the plan. The plan must describe how professional development activities will improve language and literacy acquisition for all students and contribute to closing achievement gaps among students.
- f. Includes a description of how the school entity will offer all professional employees opportunities to participate in continuing education focused on teaching diverse learners in inclusive settings.

g. A school district that contracts with a community provider to operate a prekindergarten program shall address in the school district's professional education plan how the school district will offer professional education opportunities to teachers in the community provider's prekindergarten program.

LEA provided professional education meets the education needs of that school entity and its professional employees, so that they may meet the specific needs of students. Professional education for all levels of an LEA should be based on sound research and promising practices that promotes educators' skills over the long term.

Exemplary professional education for staff:

- Enhances the educator's content knowledge in the area of the educator's certification or assignment.
- Increases the educator's teaching skills based on research on effective practice, with attention given to interventions for struggling students.
- Provides educators with a variety of classroom-based assessment skills and the skills needed to analyze and use data in instructional decision-making.
- Empowers educators to work effectively with parents and community partners.

EVALUATION AND REVIEW

DESCRIBE IN THE BOX BELOW THE PROCEDURES FOR EVALUATING AND REVIEWING THE PROFESSIONAL EDUCATION PLAN.

Mastery Charter Schools' administrators, including the Curriculum team, regularly evaluate student performance and determine instructional areas needed for teacher development. A strategic plan for weekly professional development is then created based on that evaluation. Disaggregated data, including data by grade level and special education status, is used to target the areas of greatest need. The schools use "Instructional Standards," a document that standardizes our expectations for instruction and assessment practices, to ensure expectations are clear to all teachers. All professional development is followed up by evaluation procedures, including formal evaluations, walkthroughs, and data reviews to determine effectiveness. Building administrators either provide or attend all professional development. Building administrators as well as central coaches provide ongoing support related to all professional development sessions offered.

PROFESSIONAL EDUCATION PLAN ASSURANCES

We affirm that this Professional Education Plan focuses on the learning needs of each staff member to ensure all staff members meet or exceed high academic standards in each of the core subject areas.
